App Defense Alliance | **CASA**

DEKRA

Assessment Performed by DEKRA

Application Name: EZWrite 6

Certification ID: ce8b17e2

Assessment Type: Tier 3 (Lab Tested - Lab Verified)

Issue Date: 8/2/2024 12:46:46 PM

Assessment Status: Complete

Expiration Date: 8/3/2025

Statement of Validation

The purpose of this report is to provide users verification that BenQ has successfully completed a Cloud Application Security Assessment (CASA), validating EZWrite 6 **has satisfied CASA application security requirements.** In meeting these assessment requirements, EZWrite 6 is **verified** to meet the CASA **Tier 3** requirements.

The assessment was conducted by DEKRA DIGITAL an independent third party lab, authorized by the App Defence Alliance to conduct CASA security assessments.

About CASA

CASA is based on the industry-recognized Open Web Application Security Project (OWASP) Application Security Verification Standard (ASVS) to provide third-party (3P) application developers with:

A basis for testing technical application security controls

A consistent set of requirements for secure application development

A homogenized coverage and assurance levels for providing security verification using industry-aligned frameworks and open security standards.

More information on CASA, including a complete list of CASA requirements is located on the App Defence Alliance Site.

Assessment Scope

The assessment was conducted using CASA requirements. Please note that not all requirements apply to every application. Additionally, some applications may be validated for specific requirements based on pre-existing certifications that have been mapped to the CASA requirements. A list of mapped certifications and corresponding requirements can be found here.

Category	Status
Architecture, Design and Threat Modeling Requirements	Pass

Authentication Verification Requirements	Pass
Session Management Verification Requirements	Pass
Access Control Verification Requirements	Pass
Validation, Sanitization and Encoding Verification Requirements	Pass
Stored Cryptography Verification Requirements	Pass
Error Handling and Logging Verification Requirements	Pass
Data Protection Verification Requirements	Pass
Communications Verification Requirements	Pass
Malicious Code Verification Requirements	Pass
Business Logic Verification Requirements	Pass
File and Resources Verification Requirements	Pass
API and Web Service Verification Requirements	Pass
Configuration Verification Requirements	Pass

Terms Limitations and Disclaimers

DEKRA Testing and Certification guarantees the reliability of the data presented in this report, which is the result of the measurements and the tests performed to the item under test on the date and under the conditions stated on the report and, it is based on the knowledge and technical facilities available at DEKRA Testing and Certification at the time of performance of the test. DEKRA Testing and Certification is liable to the client for the maintenance of the confidentiality of all information related to the item under test and the results of the test.
The results presented in this Test Report apply only to the particular item under test established in this document.

IMPORTANT: No parts of this report may be reproduced or quoted out of context, in any form or by any means, except in full, without the previous written permission of DEKRA Testing and Certification.
